PRODUCT OVERVIEW

Scale Beauty Chemistry With Confidence

High-purity glycolic acid engineered for performance, purity, and scale

Why Glypure®

Proven performance

Clinically proven to deliver visible improvements for skin and hair

Exceptional purity

High-Purity Glycolic Acid engineered for consistent, formulation ready results

Scalable supply

Continuous, U.S.-based manufacturing reliable at scale

Glypure® Glycolic Acid

Glypure® delivers high-purity glycolic acid designed for modern beauty formulations—supporting skin renewal, improving texture and tone, and enhancing hair strength with consistent quality from formulation through production.

Glypure® Portfolio

Glypure® GL

A proactive AHA with reduced irritation potential

Glypure® 99

Crystalline grade for anhydrous applications

Glypure® 70 ULTRA

Ultra purified 70% solution for the highest standards

Glypure® 70

Cosmetic-grade 70% solution for reliable performance

PureTech Scientific™

PureTech Scientific™

Performance Advantages

- **Fast Penetration**
  Smallest AHA molecule, 76 g/mol
- **Clear, Odorless**
  Formulation-friendly
- **Stable with strong UV compatibility**
  Low irritation potential
- **Multifunctional**
  Active, pH adjuster, viscosity modifier

Applications

Skin Care

Anti-aging, acne, brightening

Hair & Scalp

Treatments, conditioners, repair

Advanced Formats

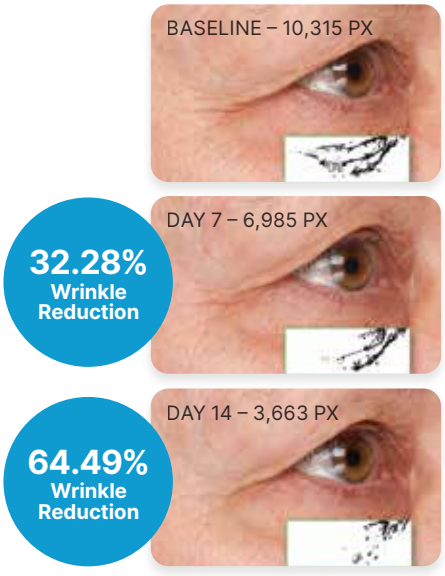

Anhydrous, gels, jelly

Clinically Proven Results

+27%
skin thickness
(6 months, n=65)[2]

Increased type 1 collagen mRNA and hyaluronic acid content[3]

Reduced wrinkles, texture, pigmentation[1]

Enhanced Performance

- Multi-acid peel protocols support improved clarity and acne reduction[4]
- Improves acne outcomes with benzoyl peroxide-based acne gels[5]
- Enhances efficacy in melasma treatments[6]

Uncompromising Purity. Reliable Supply.

- Continuous 24/7 U.S.-based production (no batch variability)
- Controlled purification for highest quality
- No detectable chlorides, DCA, or contaminants
